*Liliana Leone, vive e lavora a Genova dove dal 1998 unisce l'attività di interior designer a quella di artista digitale. Nel corso degli anni ha partecipato a diversi concorsi di architettura a livello nazionale ed internazionale.*

**Per Move ha ideato una collezione completamente innovativa frutto di una creatività fuori dagli schemi.**

*La ricerca artistica di Liliana Leone si basa sull'esplorazione del limite al quale può tendere l'arte digitale nell'avvicinarsi ad una tecnica pittorica tradizionale, quella dell'acquerello.*

*L'artista osserva la realtà che la circonda negli aspetti che più colpiscono la sua personalità, e in seguito trasforma questi scenari attraverso una personale tecnica di "pittura digitale", tendendo a trasfigurare il soggetto iniziale dell'opera fino a sublimare la sua essenza cromatica e luminosa, in un gioco di apparenze e trasparenze.*

*In questo processo creativo, frammenti di paesaggio, architetture, strutture, e oggetti sono trasfigurati dal personale segno geometrico che le interpreta, configurandosi in altri livelli percettivi.*

*La tecnica pittorica dell'acquerello è utilizzata in maniera inusuale, pixelata, una tecnica originale che mixa l'intervento cromatico con le velature proprie della tecnica fotografica, in un'alchimia caleidoscopica di segni, simboli, frammenti, tracce. Se fissata a lungo la tela sembra diventare pop up, in movimento, come in un caleidoscopio irregolare.*

Liliana Leone lives and works in Genoa where, since 1998 combines the activity of interior designer with the one of digital artist. During the years she has participated to several architecture contests both nationally and internationally.

**She has created for Move a collection totally innovative, fruit of a creativity out from the standards.**

The artistic research of Liliana Leone is based on the exploration of the limit to which digital art can get to trough a traditional painting technique of watercolor.

The artist observes reality that surrounds her in the most striking aspects of her personality, and then transforms these scenarios through a personal technique of "digital painting", with the resulting to transform the initial subject of the work to sublimare its chromatic and bright essence, in a game of appearances and transparencies.

In this creative process, fragments of landscapes, architectures, structures and objects are transfigured by her individual geometric sign that interprets them, taking shape in other levels of perception.

The painting technique of the watercolour is realised with an unusual method, it is pixelated, an original technique that mixes the chromatic colours with the shades of the photographic technique, a kaleidoscopic alchemy of signs, symbols, fragments and traces. If fixed for a while the work seems to pop up, in movement, like in an irregular kaleidoscope.

莉莉娅娜(Liliana Leone) -莱奥內在热那亚生活和工作。从1988年起，她开始把室内装潢和数字艺术结合起来。多年来，她参加过多次全国和国际建筑设计比赛。他为Move设计了一个完全创新的系列，此系列受利于他出格创造理念而成果。

莉莉娅娜-莱奥內的艺术追求是探索数字艺术的极限，试图把数字艺术和传统的水彩画技巧融于一炉。于是，她观察周围世界中最能打动自己的事物，通过极富个性的“数字绘画”技术展现这些场景，并加工提炼，抽象成最本质的光与色，并将原本的主题升华，让表象与透明交相辉映，获得变换无穷的奇妙效果。在这个创作的过程中，风景，建筑，结构和物体都被作者个人解读，过滤成独特的几何图形，呈现出不同的形态，令人别有一番感受。对水彩画技巧的运用也不例外，而是将其像素化了，这种独树一帜的技法把色彩的运用和摄影技术独有的雾翳融合在一起，像万花筒那样，让图案，图形，线条和笔触千变万化，妙趣横生。如果你长时间地盯着画面，画面就会活动起来，恰似一个不一样的万花筒。
